Laundry

We launder perfectly, anything from a Tea Napkin to a Feather Bed.

Family wash at pound prices.

Dry Cleaning

If you want to know about the possibilities of Dry Cleaning, ask us. Our experience will enable us to advise you intelligently as to what you may expect from our service.

Rugs

Oriental and Domestic cleaned and repaired under the personal direction of Mr. H. K. Dilberrian, an Armenian, who has made the rug business his life work and knows it.

ACME LAUNDRY

“CIVIL SERVICE”

Send It To
“THE DOMESTIC”
 “It's a GOOD Laundry”

Careful, courteous, prompt laundry service. Artistic, scientific dry-cleaning service. Family wash by the pound.

Telephone Main 1070

LONG DISTANCE RATES FROM BIRMINGHAM

The rates quoted below show the application of the different classes of telephone toll message service to some near by and long distant points most frequently called. Rates to over 70,000 other points may be obtained by asking for "LONG DISTANCE OPERATOR."

To make a long distance call, call the local operator in the regular way and ask for "LONG DISTANCE." When the long distance operator answers give her the name of town or city desired. If you wish to file a STATION-TO-STATION call, notify the operator that you will talk with any one who answers the telephone at the desired address. If you wish to file a PERSON-TO-PERSON call, give the operator the name of the particular person wanted. In either case, furnish the telephone number desired (if known), otherwise give the firm name or the name and initials of the person under whose name the telephone is listed, and if possible, the street address. Then give the number of the telephone from which you are calling and your name.

The rates given below are for the initial period. The report charges apply only to person-to-person, appointment and messenger calls which are not completed. Evening and night rates apply only to station-to-station calls.

| BIRMINGHAM, ALA. TO | Station to Station | Person to Person | Apt. and Mess. Call | Report Charge | Evening Rate | Night Rate |

The Next Issue of This Directory Goes to Press July 1st

Changes in numbers, names or addresses either for listings or advertisements should be arranged for prior to that date.

If any change is desired in your present listing or advertisement, please write us immediately and avoid the eleventh hour rush.

Changes are constantly made in telephone numbers and it's to your interest to consult the latest directory.

**SOUTHERN BELL TELEPHONE
AND TELEGRAPH COMPANY**

CLASSIFIED LONG DISTANCE TOLL SERVICE

The toll service offered by the company is so classified as to give the patron an option as to the class of call best suited to particular requirements in each instance. The schedule of rates is so designed that telephone users may secure the maximum service at minimum cost. If patrons will study their needs and the conditions pertaining to their toll calls, they will be able to procure many economies through applying the class of toll call appropriate to their needs.

A careful perusal of the explanation of the various classes of service given below will enable subscribers to apply the service to best advantage.

LONG DISTANCE TOLL RATES

Station to Station Basis—Day Rates: 4:30 A. M. to 8:30 P. M.

| AIR LINE MILEAGE DISTANCES | | INITIAL RATE | | OVERTIME RATE | |
|----------------------------|-------------------|--------------|-----------------------------|---------------|-----------------------------|
| More than | But not to Exceed | Rate | Minutes or Fraction Thereof | Rate | Minutes or Fraction Thereof |
| 0 | 12 | \$0.10 | 5 | \$0.05 | 3 |
| 12 | 18 | .15 | 5 | .05 | 3 |
| 18 | 24 | .20 | 5 | .05 | 3 |
| 24 | 32 | .25 | 5 | .05 | 1 |
| 32 | 40 | .30 | 3 | .10 | 1 |
| 40 | 48 | .35 | 3 | .10 | 1 |
| 48 | 56 | .40 | 3 | .10 | 1 |

For each additional 8 miles or fraction thereof, 5 cents additional. All initial rates for distances beyond 56 miles are for periods of three minutes or fraction thereof.

Overtime rate for distances more than 48 miles, approximately one-third initial rate for each additional minute or fraction thereof.

Evening Rates:—Between 8:30 P. M. and 12 Midnight, One-half of the day rates.

Night Rates:—Between 12 Midnight and 4:30 A. M., One-fourth of the day rates.

Minimum "Evening" or "Night" rates, 25 cents.

Evening and Night Rates apply to Station-to-Station service only.

In applying Day, Evening and Night rates, the time of day at the originating point shall govern.

The time at which connection is established governs the rate in determining whether the Day, Evening or Night charge applies.

If connection is established in one period and terminates in another, the rate in effect at the time the connection is established applies to the entire message.

STATION-TO-STATION SERVICE.

The person originating the call does not specify a particular person to be reached, but gives only the number of the telephone called, or the name or address under which the telephone is listed.

Charges for station to station calls shall begin from the moment communication is established between the called and calling stations.

Charges for station to station calls shall not be "reversed."

PERSON-TO-PERSON SERVICE.

The person originating the call specifies a particular person to be reached.

Charges for person-to-person calls shall begin from the moment communication is established with the specified person called.

Orders for person-to-person calls are accepted only under the condition that a limited charge will be made when under certain conditions it is impossible to establish communication between specified persons. (See Report Charges.)

Appointment Calls.—An appointment call is a person-to-person call on which communication is to be established at a specified time.

Messenger Calls.—A messenger call is a person-to-person call requiring the use of a messenger to bring the specified person to a public pay station.

REPORT CHARGES.

A report charge shall be made on person-to-person calls which can not be completed for the following reasons:

For detailed rates to various points see classified list of rates published elsewhere in this directory.

When the telephone address of the called party in a given city or town, is unknown and the telephone company determines and reports within one hour from the time the call was filed, that it is unable to ascertain such address. By "Telephone Address" is meant the number of the telephone, or the location in the distant city or town, at which the called party may be found.

If the called party refuses to talk. If the called party is not available at the calling station and a report to this effect is given the calling station within one hour from the time the call was filed.

If, when the call is ready for completion, the calling party is absent at the calling station or no answer can be obtained from the calling station, provided the connection is ready for completion within one hour from the time the call was filed.

If the calling party refuses to talk when the call is ready for completion.

If it is found that the called party is not a telephone subscriber or is not accessible by telephone at the point where he is located, and a report to this effect is given to the calling station within one hour from the time the call is filed.

If a collect call is not completed because the called station or called party refuses to accept the charge.

If, on an appointment call, the call is not completed after the appointment has been made.

If, on a messenger call, the call is not completed after the arrangements have been made to notify the called party to come to the telephone.

In no case shall a Report Charge, in addition to the toll message charge, be made, provided the call is completed on the day on which it is filed. Calls on which the calling party desires further attempt to complete on a subsequent date, shall be considered as new calls in respect to the application of the Report Charge specified in this section. Calls on which the calling party desires further attempt to complete after he has ordered the call cancelled, shall be considered as new calls and charged accordingly.

A Report Charge shall not be made for reports that the called station is "busy," "out of order," or "don't answer."

Where private branch exchange systems are involved, the terms "station," "calling station" and "called station," as used throughout these classifications, refer to the private branch exchange switchboard operator.

A Report Charge shall not be made in any case where the calling station orders the call cancelled prior to being given a report that the called party can not be reached or that the connection is ready. A Report Charge shall be made, however, in those cases where the calling party refuses to talk or to accept the report on the ground that he has already talked on an inward call, provided he has not ordered the call, which he originated, cancelled.

On uncompleted collect calls involving a Report Charge, the charge shall be made against the calling station unless its reversal was requested at the time the report was given and the called station agreed to accept the charge.

RULES AND REGULATIONS

GOVERNING THE FURNISHING OF TELEPHONE SERVICE AND IMPORTANT SUGGESTIONS TO USERS

TERM PERIOD OF CONTRACT:

The Company's contracts covering the furnishing of telephone service are ordinarily for initial term periods of one month. Under some special conditions involving unusual installation costs or involving the installation of special equipment, contracts may be required for longer initial term periods.

UNAUTHORIZED USE OF THE TELEPHONE:

The use of a subscriber's telephone is limited to the subscriber, his family or employees in his interest. Subscribers have no right to allow its use by other parties. The telephone may be removed if this condition of the contract is disregarded. Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC PAY STATION. The Subscriber assumes responsibility for all charges for local messages and foreign messages sent from Subscriber's stations and for foreign messages received at such stations on which the charges are reversed with the consent of the person called.

SERVICE CONNECTION CHARGES AND CHARGES FOR MOVES AND CHANGES:

A schedule of fixed charges is established covering the connection of a subscriber's station with the exchange of the Company, and covering the charges for moves and changes. These schedules of charges are published in detail in this directory.

USE OF EQUIPMENT OR DEVICES NOT FURNISHED BY THE COMPANY:

No instrument, apparatus, appliance or device of any kind not furnished by the Company in furnishing service, shall be attached to or in any manner used in connection with the equipment and lines of the Company; if any instrument, apparatus, appliance or device of any kind other than that furnished by the Company is attached to or connected with any part of the Company's said property, the Company shall have the right to remove said instrument, apparatus, appliance or device or suspend or discontinue service and cancel the subscriber's contract, without any claim on the part of subscriber.

MUTUAL INTEREST IN SERVICE.—The Company and its subscribers are mutually interested in everything that will assist in bringing the telephone service to the highest possible standard of efficiency. One of the important means of raising the standard is a better and greater knowledge on the part of the subscribers and patrons of the best method of procedure in using the service.

LOOK IN THE DIRECTORY FOR THE NUMBER OF THE PERSON TO WHOM YOU WISH TO TALK, and signal the operator in the usual way. Keep only the latest issue of the directory.

Always call by number, not by name.

WHEN THE OPERATOR REPLIES by saying "Number please?" give your order slowly and distinctly, giving the name of the Central Office and pronouncing the number by digits. For example: "Hemlock one-two-three-four J." This will avert misunderstandings.

WHEN THE OPERATOR REPEATS be sure she has received the order correctly. If the desired line is in use the operator will report, "The Line is Busy."

IF THE PERSON YOU ARE CALLING FAILS TO ANSWER within a reasonable time, or if you wish to attract the operator's attention at any time during a connection, move the hook up and down SLOWLY three or four times or turn the crank.

DO NOT MOVE THE HOOK RAPIDLY, as a rapid movement does not give any signal.

EMPLOYEES NOT ALLOWED TO TRANSMIT MESSAGES FOR PATRONS:

Employees of the Company are forbidden to accept either oral or written telephone messages to be transmitted by an employe of the Company over the lines of the Company.

TELEGRAMS BY TELEPHONE:

Telegrams may be transmitted to and received from telegraph offices by telephone. To send a telegram or cablegram, call by name the telegraph company desired. By arrangement with the Western Union Telegraph Company any telephone subscriber may have charges for messages received or sent by Western Union Telegraph Company charged to his telephone and collected with his telephone bill.

DIRECTORY LISTINGS OR OMISSIONS:

It is essential to good service that the names and numbers of subscribers be correctly listed in the directory. Errors or omissions should be promptly reported to the manager. The street numbers and character of business of subscribers are not essential to the operation of the Company's business, all such data now included in the Company's directories are printed solely for the convenience of the subscribers, and the Company does not guarantee the accuracy of the same, and assumes no liability for any error or any consequence thereof.

CHANGE IN CALL NUMBERS:

The Company reserves the right to change a number assigned to a subscriber's station or trunk line as the needs of its business may require. Subscribers should bear this in mind when having stationery printed and it is urged that the words "Bell Telephone" be employed instead of the telephone number.

UNINTERRUPTED SERVICE NOT GUARANTEED:

The Company's obligation to furnish telephone service is dependent upon its ability to secure and retain suitable facilities and rights for the construction and maintenance of the necessary circuits. If the service is interrupted otherwise than by the negligence or willful act of the subscriber, an allowance at the minimum monthly rate for the telephone facilities and class of service in effect at the time of the interruption shall be made for the time such interruption continues after notice and demand in writing to the Company.

If objection in writing be not received by the Company within thirty days after a statement of account is rendered, such statement shall be deemed to be correct and binding upon the subscriber.

ANSWER YOUR TELEPHONE PROMPTLY, otherwise the calling party may tire of waiting and hang up. When holding a line never replace the receiver on the hook, as this will give the operator the disconnect signal.

WHEN YOUR TELEPHONE BELL RINGS do not remove the receiver from the hook until the bell stops ringing. This is particularly important if you are on a duplex or party line.

IN ANSWERING A CALL do not say "Hello," state your name, as "John Smith & Co." or "Mrs. Smith's Residence."

CALL "INFORMATION" when you wish to know a new telephone number not listed in the directory. Operators can only give you the number requested. They are required to be courteous, and considerate under all circumstances. We bespeak for them the same consideration on your part.

CASES OF TROUBLE OR UNSATISFACTORY SERVICE should be promptly reported to "COMPLAINT." These reports will receive prompt and efficient attention. We are striving to render an efficient service and suggestions or criticisms are welcome.

DO NOT USE THE TELEPHONE DURING A THUNDER STORM.

Service Connection Charges and Charges for Moves and Changes

Experience and careful investigation of the entire subject has demonstrated the fact that certain service connection charges covering to some extent the average cost of the initial expense of establishing service for new subscribers and of furnishing additional facilities to old subscribers should be paid by such subscribers and should not be borne by the entire body of telephone users. Therefore, a uniform schedule has been prepared which embodies rates that should not retard telephone development in any section and will place upon subscribers responsible therefor a portion of the costs incident to such service connections, leaving the balance as a charge on the business generally. This schedule applies as follows:

SERVICE CONNECTION CHARGES

1. For Individual and Party Line Service \$3.50
2. For each extension station connected with any class of telephone service 3.50
3. For Private Branch Exchange Service the charge for establishing service connection:
 - (a) For each trunk line connecting the Private Branch Exchange with a central office 3.50
 - (b) For each telephone connected to the Private Branch Exchange except Operators' Telephone Sets 3.50
4. To cover in part Directory, Accounting, Circuit and switchboard expenses in cases where service is established by the use of instrumentalities already in place in the Subscriber's premises and no change is made in the type or location of such instrumentalities, \$1.50.

CHARGES FOR MOVES AND CHANGES

The charges for moves and changes in equipment will be as follows:

1. For moving a telephone set from one location to another on same premises, a charge of \$3.00.
2. For moving any other equipment or wiring from one location to another on the same premises, a charge based on the cost of labor and material.
3. For change in type or style of telephone set, a charge of \$3.00.
4. For other changes in equipment or wiring, a charge based on the cost of labor and material.
